

The Gantt chart displays the project schedule from Week 37 to Week 52. The tasks and their durations are as follows:

- Work environment installation:** Week 39 to Week 40.
- Radius:** Week 39 to Week 42.
- Databases:** Week 39 to Week 42.
- 802.1X:** Week 42 to Week 46.
- Authentication:** Week 44 to Week 48.
- Completion:** Week 48 to Week 50.
- CakePHP / Bootstrap:** Week 44 to Week 46.
- Radius interface:** Week 46 to Week 50.
- Presentation preparation:** Week 49 to Week 51.
- Presentation 1:** Week 51.

The chart uses a color-coded system: blue for initial setup, green for core development, and red for final presentation and completion. A red diamond marks the 'Begin' point at Week 39, and another red diamond marks the end of 'Presentation 1' at Week 51.
